Celebration of life for George Timmer

### In Honor of George Timmer

Our esteemed and beloved Ann Timmer lost her husband, George, in August. George was our NOW chapter treasurer for several years. He and Ann also produced many eye catching publicity pieces and documents for various NOW causes. George remained in a "cage" in their lovely home in Sun City West when we had full reign of the house during special celebration luncheons. The celebration of life will be at the UU church on Saturday September 27 at 3:30PM.

### Installment #5: SC NOW History

The "Women's Watch" column has appeared monthly in the *Daily News-Sun* for almost 20 years. This column—

written by representatives of NOW, AAUW and the League of Women Voters—was initiated by a group of NOW members discussing how NOW and what the organization did could be made better known in the community.

When the suggestion of a special newspaper column for women arose, Ann Timmer and Mildred Engleberg took the idea to Associate Editor Maryanne Leyshon at the *Daily News-Sun*. A plan evolved for a monthly column to be entitled "Women's Watch". Two local branches of AAUW and the League were asked to join and an Editorial Board with representatives from each organization was set up. The initial column in March, 1995, described the participating organizations with a membership of over 600 women.

The intent of the column was to "express our stands on issues. We believe that it is our responsibility to educate and involve the public, as well as our members, in the quest for equality and justice for all Good citizens are informed, committed, and active. Our organizations epitomize that description."

At first, the Editorial Board enlisted community members with particular expertise to write columns. This became difficult because of deadlines and other problems. Board members gradually took over the writing of columns drawing on their own experiences, academic resources, books and literature, and eventually, the Internet. One Board member would write an article and the Editorial Board would meet to go over and improve it. Over the years, each Board member wrote dozens of articles—well over 200 in 20 years.

The topics covered varied greatly but always, they were written from a woman's point of view, Women's suffrage, political participation, women's organizations

and achievements, teen-age pregnancy, famous women and little-known women of history were a few of the topics which were written about. The women never seemed to run out of ideas.

The membership of the Editorial Board changed gradually over the years as members developed ill health, died or moved away. Mary Wylie is our longest serving member with Ann Timmer a close second. Ill health forced Ann to retire from the Board recently but she is considered an honorary member to be consulted when needed. Vivian Wood was invited to join the Editorial Board a few months after it was formed, and still serves. Joyce Barrett and Bonnie Saunders are also long-serving Board members.

In addition to Mary, Vivian, Joyce and Bonnie, current Editorial Board members are: Marge Clark (NOW), Arlene Schindler (Sun City AAUW), Lois Brechner (Northwest Branch AAUW), and Valerie Ellien (League). Board members who served for a number of years are Virginia McElroy, Claire Randall, Lila Schwartz and Marge Mead.

The "Women's Watch" writers, who find this writing rewarding, are ready to continue into the twenty-first year, with hopes that the public will continue to read their column. **Vivian Wood Herstorian**

### **Women and the environment**

August 6, 2014: a "Summit on Women and Climate" in Bali. wwwNetwork of Women's Funds (INWF). Suryamani Bhagat, a 34 year old in eastern India is working with other women to safeguard the state's precious forests. During the dry season, they turn to the forests for their food. She is assisting communities to apply for land titles, so the indigenous people can own their own lands. They are planting trees and other biodiverse vegetation. Previously, the government focused only on commercial timber and other cash crops. Bhagat organized the women to protest the removal of the wood. Eventually they forced authorities to stop it. Bhagat reaches villages by walking; she braves men's hostilities. Her story is inspiration to us all. **Carolyn Modeen**
