NOW Board Mtg

Host: Emma Haring/Carolyn Modeen

November Member Meeting

Laura will address what she hopes NOW will accomplish this next year. She has been a member of our SCWV/NOW group and is currently affiliated with the Central Phoenix NOW group & is our State NOW President. In addition, she is a lobbyist at the State Capitol and a member of several area boards that are charged with the furtherance of women's & families' issues. She has been a teacher, is involved in many women's groups, & has a wide background to draw upon.

She was recently considered to fill a vacancy as Dist 28 Representative in the AZ State House but it was not to be. At our Member Zoom meeting she will report on AZ NOW's goals & discuss some court cases where NOW has joined as *friends of the court*. Recently an AZ Judge threw out a new state law re abortion (at conception the fetus has status as personhood). This has been challenged, so Laura will tell us where the case is now. **CModeen**

*Self-managed Abortion: Safe and Supported (SASS), a webinar **hosted by Progress Florida**, will be an exciting opportunity for abortion and reproductive rights advocates from anywhere in the nation to learn how to effectively and legally spread the information about self-managed abortion with pills.*

This is a training in SASS which is Self-Managed Abortion Safe and Supported. **Progress Florida** is presenting a free virtual/PowerPoint workshop entitled "Safe Abortion with Pills - What Everyone Should Know About Medical Abortion." The class is for reproductive rights advocates to learn how to effectively and legally spread the information about self-managed abortion with

pills.

It's a thorough and very empowering seminar built on the train-the-trainer model in the event an attendee would like to become a trainer themselves. This information is becoming more and more important as our reproductive rights are being challenged in most every state.
